

# P1258 - DOC G3

## SAFE FOAMING PRE-WASH FOR TRUCK CABS AND TRACTORS

### FIELD OF APPLICATION

DOC G3 is a car detergent with a polishing action, ideal for quick pre-washing of cars, trucks, tanks, tarpaulins, buses, engines, and construction machinery. It dissolves and suspends dirt, making rinsing easy. It respects colors and plastics and can be used in enclosed or poorly ventilated environments, preserving paint color. It removes insects and stubborn dirt, even when accumulated over years, without damaging paints or colors.

### BENEFITS

It withstands exceptional dilutions even in hard water and can remove insects and dirt films that have persisted for years. It does not require the use of sponges or brushes, which is why it is also recommended for touchless automatic washing programs with foaming systems. It is compatible with car wash waxes and can be used as a pre-wash before the vehicle enters a tunnel or gantry wash, without interfering with the drying phase. Pleasant fragrance.

- Highly safe, especially in situations where the operator must work under direct sunlight.
- Slow drying on bodywork; if it dries, simply re-wet the surface with water and the product reactivates.
- Non-staining.
- Foaming effect for the removal of insects and stubborn dirt.
- Removes road grime without the need for hot water, thanks to Energy Safe technology.
- Respects colors, plastics, and paints, even in enclosed or poorly ventilated environments.
- Eco-friendly formula, compliant with ISO 14001, free of NTA and EDTA, and biodegradable.
- Suitable for foam guns and manual sprayers.
- Cost-effective and efficient, delivering outstanding performance with less product and saving time.
- Safe for ALCOA wheels.

### DIRECTIONS FOR USE AND DILUTIONS

- **Pre-wash with sprayer:** dilution from 1:30 to 1:60
- **Car washes:** softening agent/rings: 10-30 ml/car
- **Touchless automatic washes:** 80-150 ml/car
- **Conveyor car washes:** 20-40 ml/car
- **Wheels with sprayer:** dilution 1:10
- **Insects with sprayer:** dilution 1:30
- **Foam gun:** dilution from 1:4 to 1:5

### CONTENTS

Non-ionic surfactants ≥5 - <15%, anionic surfactants, phosphonates, polycarboxylates, cationic surfactants, fragrance <5%.

### BIODEGRADABILITY

The surfactants contained in this formulation comply with the biodegradability criteria established by Regulation (EC) No. 648/2004 on detergents.

### FEATURES

pH value at 20°C: >12  
Physical characteristics: Liquido arancione  
Density at 20°C: 1,08 g/cm<sup>3</sup>  
Water solubility: Fully Miscible

### WARNINGS

Do not use on motorcycles.  
The product is safe when used at the recommended dilutions.  
PROFESSIONAL USE.

### AVAILABLE FORMATS

Product Code	Format
P1258	25Kg Jerry can
P1274	1000Kg Jerry can
